## TO THE CLASS OF 1978

The 1978 VERDICT is an excellent historical record of the accomplishments of the entire student body for this year and is especially the handiwork of the Class of 1978. May I extend congratulations from the Faculty, Trustees, and Staff of Woodrow Wilson College of Law to this fine class for your success in completing the difficult course of study here.

Your three years here at this school have been most productive. During your tenure our school has progressed in many ways. We have expanded from a night school into a night and day school. This year's graduating class is the first one to complete the course of study in the day school. During your time here we have become the proud owner of the building located at 830 West Peachtree Street and this has enabled us to expand our physical plant by the addition of new classrooms, more library space, an admissions office, and an expanded recreation room.

We have added, during your time, the JOURNAL OF LAW and have expanded the student government, and maintained a fine school newspaper. Our Alumni Association has been formally incorporated and expanded.

Woodrow Wilson College of Law and the legal profession share a common objective--the creation and maintenance of a competent, broad-gauged bar of the highest integrity.

Three years ago you were admitted to study law here as applicants of unquestioned integrity. You have completed a difficult three year course under the handicap of having to study law while pursuing an active business career. By completing this course this class demonstrates that it has collectively one of the ingredients of greatness--to successfully meet the challenge of a difficult assignment.

Sincerely,

The signature of Virlyn B. Moore, Jr., President & Dean.

# More than just experts: They'll get you through the Bar Exam.

**BAR/BRI** lecturers are *more* than experts on the law and *more* than experts on the bar examination. *They know how to communicate. They know how to teach.* Each year, **BAR/BRI** improves the quality of its faculty by interviewing the top law lecturers in the country. We are

proud of our faculty, most of whom have been lecturing on the bar examination for years. *No other group of professors is as knowledgeable about the bar examination—nor as capable of teaching law school graduates how to pass.*
